Statement of Understanding

*****Notice to Applicant** Maltese are not recommended for families with children under 6 years of age as they are known to snap, growl or bite toddlers, preschool age children or rambunctious children. Maltese prefer calm older children. I understand***

We cannot guarantee your Maltese is 100% housetrained. Most have begun housetraining in their foster homes; however all dogs have to be re-trained to some extent at their adoptive homes, due to a new sleeping and eating routine. I understand
